Your Map to Greenbuild 2016

Register by August 1st & Save Green

Expo: October 5–6  Conference: October 5–7
Los Angeles Convention Center  Los Angeles, CA

greenbuildexpo.com
When we think of icons, we conjure up images of people, places and things that withstand the test of time, symbolizing our beliefs, culture and community. Greenbuild 2016 celebrates the icons of our movement. Those who are working in the trenches today, and those who are in line to take up the banner and lead the way into the future.

Plan now to join us for an epic celebration at GREENBUILD 2016: Iconic Green in Los Angeles, California.

A special thank you to our host committee, USGBC-LA

WHAT TO EXPECT AT GREENBUILD 2016

Greenbuild offers a place where more than 20,000 green building and design professionals come together with sustainability leaders from around the world for three exhilarating days featuring:

• Exhibit Hall with over 500 companies offering innovative products and tomorrow’s technologies
• Engaging education sessions presented by leaders in sustainability including two plenaries
• Expanded residential programming featuring a full day of residential sessions and a dedicated residential product pavilion
• Workshops - green building tours take a deep dive into a new rating system or take the new Expo Line to the beach
• Pre-conference Summits including Communities & Affordable Homes, International and the all NEW WaterBuild Summit developed to address California’s water challenges
• Greenbuild Plenary & Celebration including a dynamic speaker followed by a live concert, food and beverages
Los Angeles is one of the world's most fascinating cities, and we invite you to rediscover the spirit of America during your visit. Los Angeles is more than superstar sightings. It's a place where sustainability and healthy living mold unique dining experiences, fashion and culture.
